

# Excellent Opportunity for Water and Wastewater Utility Staff to Learn About Cybersecurity from Peers and Experts

## Water Sector Cybersecurity Meeting

November

1

8:30AM - 3PM

### Learning Goals

- The goal of this meeting is to provide an educational setting that fosters sharing experiences and solutions. The meeting is geared toward people who are not cyber experts, but it will also be interesting for those who are.

### Sessions

- This cyber event/meeting will feature expert speakers from local and federal organizations and utilities, covering topics such as threat briefings, cyber incidents, remote access and network segmentation, and cybersecurity regulations. The event will also include sessions on creating a cyber incident plan, a mini cyber tabletop exercise, and a utility panel, and a roundtable discussion (see below for a detailed agenda).

### Details

*What?*

2024 - MassDEP Water Sector Cybersecurity Meeting

*When?*

Friday, November 1st, 2024, 8:30am-3pm EDT.

It is a full-day event and will follow the location (Northeastern University Innovation Campus) event protocols. MassDEP Drinking Water Program staff will be present to assist you and answer questions.

*Where?*
